

### 3 and 4-year-old At-Home Training Lesson 1: KICKING

#### Section 1: Static Warm-ups

- Arms: Hold seal position for 10 seconds - Raise your head and belly off the ground using your palms, just like a seal.
- Legs: Hold jack-in-the-box for 10 seconds - Lower your body as far as you can without your bottom touching the ground, as if you were in a tiny box, like a jack-in-the-box.
- Abs: Hold feet out the water for 10 seconds- Raise your heels slightly off the ground as if you are raising your feet out of the water so that the sharks don't bite your feet.
- Core: Hold Spiderman's for 10 seconds - Raise your entire body off the ground with the palms of your hands and the balls of your feet, as if you were Spiderman stuck on a wall.

#### Assignment Overview:

- Today you are going to work on KICKING.
- Here are the three KICKING tips that I want you to practice today:
  1. Keep your hands up.
  2. Bend your knee before and after you kick.
  3. Watch where you are kicking.

#### Section 2: Skill-building drill (Do three sets)

- Kick challenge: Mark a small box with tape to stand in. Do ten kicks while keeping your feet in the box.
- Kick and catch: Toss a balloon in the air, kick the balloon, and then catch it before it touches the ground. Continue until you catch it five times in a row.

#### Section 3: Passive stretches

- Pat your back triceps stretch for 10 seconds - Raise one hand, and bending at the elbow place the hand on the upper shoulder. Grasp the elbow with the opposite hand and hold
- Side bends for 10 seconds - Stand with your feet shoulder width apart. Place hands on your hips. Bend sideways towards the floor at the waist.
- Sitting quad stretch for 10 seconds - Kneel sitting on your knees and feet and place hands in your lap. Reach as far forward as you can and touch your chest to your knees. Keep your hips in contact with your feet while trying to extend your arms and body forward.
- Kneeling reach for 10 seconds - Kneel sitting on your knees and feet and place hands in your lap. Place hands behind your back. Lean as far back as you can while keeping your knees on the floor.
